ASSOCIATE DIRECTOR OF SCHOLAR ENROLLMENT & COMMUNITY PARTNERSHIPS

Organizational Background Boys Hope Girls Hope of Northeastern Ohio (BHGH) was founded in 1986 to help driven students from disadvantaged backgrounds succeed in school and life. Our mission is to help academically capable and motivated children in need to meet their full potential and become men and women for others by providing value centered, family-like homes, opportunities and education. BHGH utilizes structured programming adapted to the needs of each community, unique curricula, and partnerships with local schools and universities. Service pathways include residential environments and community-based, out-of-school time programming, both of which build on consistent core elements: academic excellence, service and community engagement, long-term and comprehensive programming, faith-based values and voluntary participant commitment. Our Scholars partner with us from 6th grade through college, and ultimately, career launch. Up to 20 Residential Scholars can be accommodated in our three family-like homes, and more than 135 community-based Scholars from homes and neighborhoods throughout Greater Cleveland and Akron are enrolled in our Academy Program.

BHGH is midway through a 5-year capacity-building project, highlighted by the current construction of an Academy Center building designed to dramatically increase our depth of programming as well as the number of Scholars we serve each day. During this exciting time of growth, we are strategically examining ways to increase our profile in the community and ensure sustainability of this important work for generations to come. ourhopeforthefuture.org
